## Experience

- Jul 2022 - Present, Düsseldorf, Germany  
**UX Designer III - Credit** [Metro.digital](#)  
Owned end-to-end UX for Metro's internal credit tool (debt management, multi-mandate accounts, contracting, repayments among others). Redesigned primary navigation, saving 120+ hrs and €16k+ per month. Drove design strategy across product verticals to streamline credit integration.
- Aug 2020 - Mar 2022, Remote + Bengaluru, India  
**Product Designer - Banks & NBFCs** [Signzy.com](#)  
Led the iteration of three versions of onboarding journeys for 1M+ users across regulated banks, credit institutions, and other FIs, optimising average onboarding time by 20%.
- May 2019 - Jul 2019, Mumbai, India  
**UX Design Intern** [Cogoport](#)  
Conducted on ground research and designed wireframes for onboarding and credit check experience for freight shipping merchants.
- Dec 2017 - Feb 2021, Roorkee, India  
**Freelancer** [Topcoder](#) + Self  
Participated in design challenges hosted at Topcoder and delivered UI design mockups to 30+ clients.
- May 2017 - Aug 2017, Remote  
**Student Developer** [Google \(Summer of Code\)](#)  
As student intern, I wrote unit tests in Java for Anita B's organisation's web portal as part of the program hosted by Google every year to support and promote open source software contribution.
